The Archive Staff is honored to dedicate the 1970-71 Archive to the Seniors of Riverbank High School upon the completion of their four years at Riverbank High.

We will remember them during the years as the first class to survive four years at Riverbank High School....but these years will always be remembered by each and every Senior.

Friends will part, friends will stay together, but these Seniors will always be remembered by those who are left.... teachers, administrators, remaining students....but most important of all....by each other.

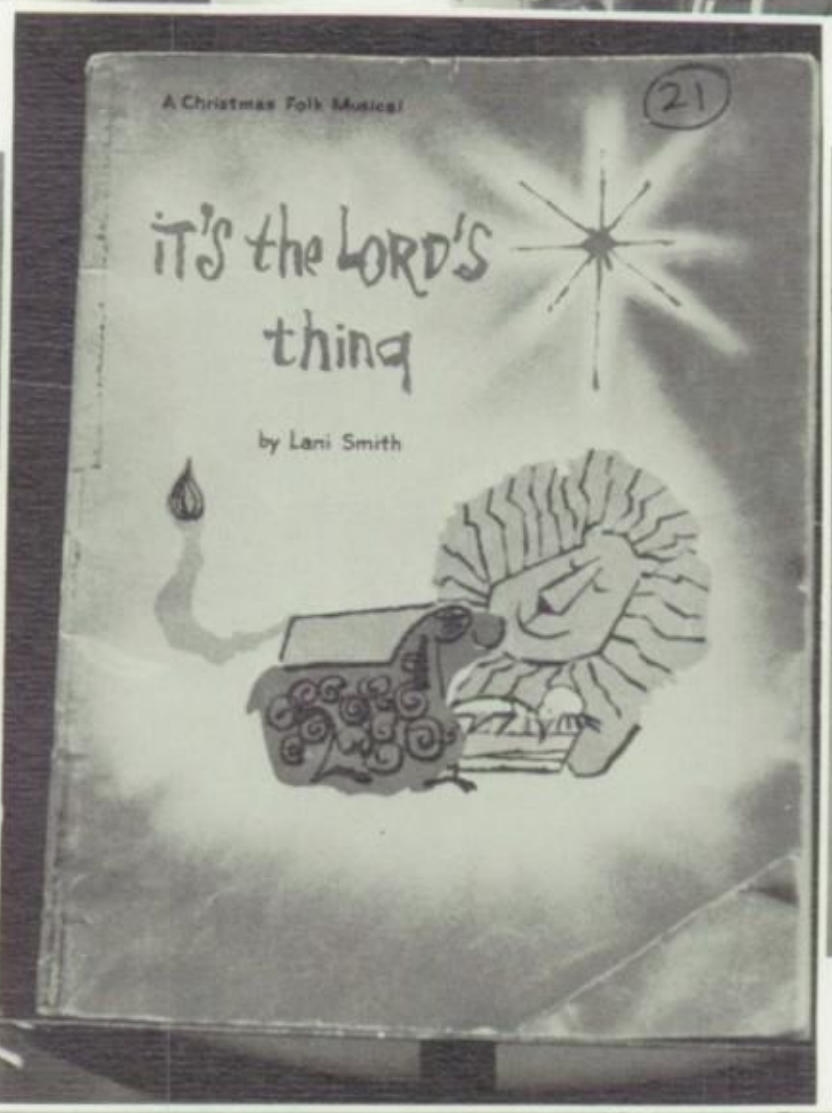
"It's the Lord's Thing"
A God-rock answer
to war, to hate,
reminding us
"Peace is the Lord's Thing."

In the end
when the singing stopped
the crowd walked away
with maybe a little more
hope than before.



In our way
we all believe
in "forever"... "something,"
The Christ answer,
you know.

Something changed
in us, in others.
It was more than singing,
And more than the
Christmas feeling.
"It was, the Lord's Thing!"

Within this book, we have tried to give you, the student of Riverbank High School, the things that have "happened" throughout the past year. It was a difficult undertaking, but I feel that the staff did a good job and that this ARCHIVE will bring back many pleasant memories in the years to come.

AN OPEN LETTER TO RIVERBANK HIGH SCHOOL STUDENTS

While going to high school, there are three R's that you learn, reading, riting, and rithmetic. There are three other "R's" which you must also learn to manage, REVENUE, RESPONSIBILITY AND RELIABILITY.

Over the years, hundreds of Riverbank High School students have helped themselves to obtain REVENUE, cold, hard cash, while working summers here at Contadina. REVENUE that has helped them not only through high school, but often times through college or vocational schools.

Along with the important buying power of REVENUE, young men and women have learned to accept jobs that demand RESPONSIBILITY from them. It's a fact that all the jobs at Contadina are not easy, exciting, or glamorous during the summer. But each job plays an important role in producing the high quality product Contadina is known for.

RELIABILITY is a must in our line of work, for when cans are moving from one location to another, we depend on each and every person to be there. When even one fails, chaos occurs and the loss of hundreds of dollars may result.

When a young person comes to Contadina to obtain REVENUE, he or she also learns, sometimes without even knowing it, to be a RESPONSIBLE, RELIABLE person whom the company can depend on. This education is an invaluable part of learning, and will stay with you throughout your life.

We appreciate the fine help that past and present students have given us, and hope we can continue to help you.
